Two blue cartoon rabbits are positioned above the text. One is slightly behind and to the left of the other, both facing forward with small pink noses and smiling.

20 Free Printable Classroom Resources

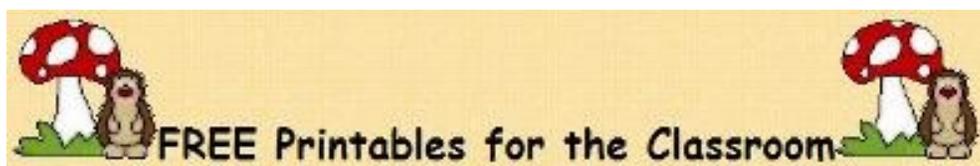

You can never have enough resources for your classroom, but finding applicable printables can mean precious time wading through the massive data banks.

Here is a list of 20 classroom printables with descriptions!

20 Free Printable Classroom Resources

1. [Teacher Files](#) - This website has a wonderful collection of printables from stationary to math problem sheets. The cute and large designs are younger child friendly, gearing this site for younger primary school application. Careful, the ads on this site appear like more links. Read the link title first!

2. [Tips for Teachers](#) - This site is more of a launching point to other sites. It contains a well rounded list of topics ranging from classroom management to handwriting practice sheets, each with a new set of links. It is best for younger primary education.

3. [Pinterest](#) - Pinterest is a fantastic website full of creativity and resources for anything in life, so of course they have a teacher section! These are uploaded directly from teachers who use them, although they are a little difficult to categorize as just one age-level. That will be your discretion.

4. [LiveBinders](#) - This site may look confusing, but it is chock full of great stuff. Darker blue tabs at the top pick your category, while the lighter blue tabs underneath will select your chosen printable.

7. [The Classroom Creative](#) - Designed for classes from preschool to 3rd grade, it also includes Special Education files! Clicking on the 25+ Free Classroom Printables logo will take you on a slide tour of the resources, which are just below it as you scroll down from there.

Activity Pages

Some [Fun Activity Pages To Color!](#)

And Some [Math Activity Worksheets!](#)

8. [Activity Pages](#) - This is an awesome site, containing over 270 themed activities for elementary students. The subjects range from seasonal to daily activities and are sure to be very helpful in the classroom.

9. [School Sparks](#) - This collection of worksheets is designed for Kindergarten, however even the owner concedes it could be used on preschool depending on the curriculum of the school. It includes such subjects as simple math, letter recognition and fine motor skills.

10. [Coloring Printables](#) - This site contains a fun and creative collection of coloring sheets, some with simple puzzles or problems, divided by genre. Genres include not only scholastic subjects, but more diverse themes as well! Although they are designed for younger children, I spotted some more difficult pictures and letter outlines that could be used by older children or for projects.

11. [Making Learning Fun](#) - Organized by subject A-Z, each subject contains a list of further options for use of it. I chose Circus as an example and was led to literacy ideas, math ideas, candy mats, bingo games and much more! Even if you don't use the printables, check out this site for the wonderful ideas provided in a wide scope of themed activities.

12. [Tools for Educators](#) - This page contains a whole array of activities for younger to older primary school levels. Rather than just printables, it gives you the tools to create your own worksheets. Make crossword puzzles, word searches, domino words, and more!

13. [Super Teacher Worksheets](#) - Although it doesn't require a membership, Super Teacher does offer one for access to even more of their resources. The website includes many subjects, from math to make-it-yourself puzzles, however be careful you select the free ones!

14. [The Learning Page](#) - Requires a membership, however it's free! This page contains plenty of worksheets for practicing letters, especially cursive. It also has more complicated subjects such as time, senses, and money. This is probably best for grade 3 tentatively, depending on the curriculum.

Classroom Printables And Charts

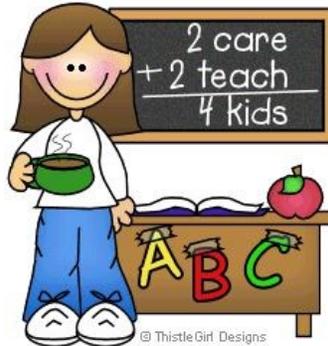

15. [Free Printable Behavior Charts](#) - One of the best way to control the classroom is to actively work on behavioral habits daily. Having charts, management tactics, and rewards for good behavior can lead to improved participation, better learning environments, and overall more successful students.

Free Phonics Worksheets
from the creators of Rock 'N Learn

16. [Free Phonics Worksheets](#) - For easy phonic lessons for little minds, try this site. It was a wide variety of worksheets for different speech sounds.
